**** STAFF REPORT ****

PROJECT DESCRIPTION

The subject site contains several offices, apartments and ancillary uses with a previously approved Variance (VAR-22723) to allow a wall to contain no contrasting material where twenty percent contrasting material is required on 20.53 acres at the northeast corner of Bonanza Road and Clarkway Drive. Since the original approval, five building permits were applied for on August 13, 2008 (#121846, 121847, 121848, 121850 and 121851); no Building Permits have been issued, as they are still under review. Staff has no objection to the request and is therefore recommending approval of the request.

ANALYSIS

This is the first request for an Extension of Time of a previously approved Variance (VAR-22723) to allow a wall to contain no contrasting material where twenty percent contrasting material is required on 20.53 acres at the northeast corner of Bonanza Road and Clarkway Drive. Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principle structure on-site, unless otherwise specified in connection with its approval.

EOT-34971 - Staff Report Page Six
August 13, 2009 - Planning Commission Meeting

FINDINGS

The Variance (VAR-22723) has not met the requirements outlined in Title 19.18.050, since no permits have been issued for the proposed wall. No new development or changes in land use in the surrounding areas have occurred, but there has since been one Code Enforcement violation cited for the subject property. The applicant is requesting a two year Extension of Time, since they have not progressed to a stage in the project to obtain final building permits. Conformance to the conditions of approval of Variance (VAR-22723) shall be required. Staff recommends approval of this request with a two-year time limit.
